H1N1 VIRUS

In anticipation of flu season, we are taking some precautions during our celebration of the Liturgy. First of all, there will be hand sanitizer available on the table in the Gathering Space, and we encourage all of our parishioners to use it before Mass. Also, hand sanitizer will be on the credence table in the sanctuary, and all Eucharistic Ministers will use it immediately before distribution of Communion. The Holy Water fonts will be cleaned and sanitized each week and fresh water will be added and blest. We will continue the Sign of Peace, but if you choose not to shake hands, simply fold your hands and say to the person next to you, "Peace be with you." All should understand the reason for this and not see it as rude or unfriendly. We will also continue the distribution of Communion under both species, but you always have, as in the past, the option to receive under the form of bread only if you wish. However, it is **not** permissible to dip the host into the wine.

FLU SHOTS

The clinic will be held here at Pope John XXIII on Sunday, November 15, 2009, from 1:00-3:00 p.m. in the lower level. Cost will be \$25.00. If you have Medicare Part B, MediGold, Senior Advantage, Railroad, or United Mine Workers Insurance, present your insurance card and Life Care Alliance will bill those insurance companies. Please sign up in the Gathering Space. **This is not the vaccine for H1N1.**

HABITAT FOR HUMANITY

The House project is well under way and after five work Saturdays, it will be under roof by the end of October. Work will then shift to the inside and the plan for November is to install windows and doors, finish interior walls and closets, and wrap the house. If all goes well, the house should be weather tight by Thanksgiving or early December and work on the inside can continue as temperatures permit. It is still not too late to sign up and volunteer for the Habitat house. Please see the display in the Gathering Space for information.

WORDS OF OUR PATRON BLESSED POPE JOHN XXIII

The Social Obligations of Wealth

Our predecessors have constantly taught us that in the right to hold private property is intrinsically contained an obligation towards society. In fact, in the scheme of creation the good things of the earth are pre-ordained primarily for the maintenance of decent living conditions for all human beings... Today the State, and various public bodies also, have extended and continue to extend the scope of their authority and initiatives. But this does not mean, as some are inclined mistakenly to think, that there is no longer any social duty inherent in the possession of private property – for this duty springs from the very nature of the right to possess. Moreover, there is always a vast range of painful situations and personal needs which are intimate and acutely felt, and with which the official organizations for public welfare have no means to cope, and so cannot remedy. So there is always a vast scope for human awareness of others' needs, and for the charity of individual Christians. Taken from the book, *Prayers and Devotions* from Pope John XXIII, His personal thoughts for every day of the year.
